Housing

With the exception of Rednapp House, there is currently no sheltered housing/ nursing homes or extra care homes in Ham + Petersham or north Kingston. We have an increasingly elderly population in the area. Over the next 20 years there will be a 50% increase in over 75's. Should we be looking for a site for such a facility somewhere in the area?

165 "yes" 10 "no"

Education

Between 2001 and 2011 the birth rate in Ham and Petersham increased by 25%. Should we be expanding existing primary schools in the area or identifying new school sites to meet the demand?

165 "yes to expanding existing" 10 "yes to identifying new sites"

Open Space

Ham and Petersham have more open space than any other of London's 649 wards. Housing density is exactly half the London average. Most open space is already protected (Ham Lands, Petersham Meadows, Ham Common, Richmond Park etc.) but could some smaller areas be given up for development?

12 "yes" 163 "no"

Transport

Ham and Petersham have some of the worst access to public transport in Richmond. The area is closer to Twickenham station than Richmond or Kingston. Would you be in favour of a new pedestrian/cycle bridge from Ham Street car park to Twickenham?

125 "yes" 50 "no"

Character and Heritage

Ham and Petersham is a special place to live. Do you want the character and heritage of the area to receive more protection in the plan or is the level of protection about right?

163 "yes" 12 "no"
